- 814.54 SED Sedaris, David. Me talk pretty one day. 1st ed. Boston : Little, Brown & Co., c2000.
David Sedaris's best work to date, ME TALK PRETTY ONE DAY contains far more than just the funniest collection of autobiographical essays - it quite well registers as a manifesto about language itself. Wherever there's a straight line, you can be sure that Sedaris lurks beneath the text, making it jagged with laughter; and just where the fault lines fall, he sits mischievously perched at the epicenter of it all.

- AWARD WINNING Tartt, Donna. The goldfinch. 1st Ed. New York : Little, Brown and Co., 2013.
"The author of the classic bestsellers The Secret History and The Little Friend returns with a brilliant, highly anticipated new novel. A young boy in New York City, Theo Decker, miraculously survives an accident that takes the life of his mother. Alone and abandoned by his father, Theo is taken in by a friend's family and struggles to make sense of his new life. In the years that follow, he becomes entranced by one of the few things that reminds him of his mother: a small, mysteriously captivating painting that ultimately draws Theo into the art underworld. Composed with the skills of a master, The Goldfinch is a haunted odyssey through present-day America, and a drama of almost unbearable acuity and power. It is a story of loss and obsession, survival and self-invention, and the enormous power of art"--.

FIC COBB

Cobb , Sonya. The Objects of Her Affection. Naperville, IL :

Sourcebooks Inc. :, 2014.

Sophie Porter is the last person in the world you'd expect to be stealing Renaissance masterpieces--and that's exactly why she's so good at it. Slipping objects out of her husband's office at the Philadelphia Museum of Art satisfies something deep inside, during a time in her life when satisfactions are few and far between. Selling the treasures also happens to keep their house out of foreclosure--a house that means everything to Sophie. But the FBI is sniffing around, and Sophie is close to destroying the very life she's working so hard to build. She knows she should give up her thieving ways. But she may no longer be in control. *The Objects of Her Affection* is a riveting story about the realities of motherhood, the perils of secrecy, and the art of appraising the real treasures in our lives.

When she is later asked by a timid student to solve a murder that occurred twenty years earlier, Mickey begins to lose hold on her tenuous connection to reality.

FIC DOERR

Doerr, Anthony, 1973-. *All the light we cannot see : a novel.* 1st ed. New York : Scribner, 2014.

"From the highly acclaimed, multiple award-winning Anthony Doerr, a stunningly ambitious and beautiful novel about a blind French girl and a German boy whose paths collide in occupied France as both try to survive the devastation of World War II. Marie Laure lives with her father in Paris within walking distance of the Museum of Natural History where he works as the master of the locks (there are thousands of locks in the museum). When she is six, she goes blind, and her father builds her a model of their neighborhood, every house, every manhole, so she can memorize it with her fingers and navigate the real streets with her feet and cane. When the Germans occupy Paris, father and daughter flee to Saint-Malo on the Brittany coast, where Marie-Laure's agoraphobic great uncle lives in a tall, narrow house by the sea wall. In another world in Germany, an orphan boy, Werner, grows up with his younger sister, Jutta, both enchanted by a crude radio Werner finds. He becomes a master at building and fixing radios, a talent that wins him a place at an elite and brutal military academy and, ultimately, makes him a highly specialized tracker of the Resistance. Werner travels through the heart of Hitler Youth to the far-flung outskirts of Russia, and finally into Saint-Malo, where his path converges with Marie-Laure. Doerr's gorgeous combination of soaring imagination with observation is electric. Deftly interweaving the lives of Marie-Laure

- and Werner, Doerr illuminates the ways, against all odds, people try to be good to one another. Ten years in the writing, *All the Light We Cannot See* is his most ambitious and dazzling work"--.

- FIC GILBERT Gilbert, Elizabeth, 1969-. The signature of all things : a novel. New York : Viking, 2013.
" A glorious, sweeping novel of desire, ambition, and the thirst for knowledge, from the # 1 New York Times bestselling author of Eat, Pray, Love and Committed. In The Signature of All Things, Elizabeth Gilbert returns to fiction, inserting her inimitable voice into an enthralling story of love, adventure and discovery. Spanning much of the eighteenth and nineteenth centuries, the novel follows the fortunes of the extraordinary Whittaker family as led by the enterprising Henry Whittaker-a poor-born Englishman who makes a great fortune in the South American quinine trade, eventually becoming the richest man in Philadelphia. Born in 1800, Henry's brilliant daughter, Alma (who inherits both her father's money and his mind), ultimately becomes a botanist of considerable gifts herself. As Alma's research takes her deeper into the mysteries of evolution, she falls in love with a man named Ambrose Pike who makes incomparable paintings of orchids and who draws her in the exact opposite direction-into the realm of the spiritual, the divine, and the magical. Alma is a clear-minded scientist; Ambrose a utopian artist-but what unites this unlikely couple is a desperate need to understand the workings of this world and the mechanisms behind all life. Exquisitely researched and told at a galloping pace, The Signature of All Things soars across the globe-from London to Peru to Philadelphia to Tahiti to Amsterdam, and beyond. Along the way, the story is peopled with unforgettable characters: missionaries, abolitionists, adventurers, astronomers, sea captains, geniuses, and the quite

mad. But most memorable of all, it is the story of Alma Whittaker, who-born in the Age of Enlightenment, but living well into the Industrial Revolution-bears witness to that extraordinary moment in human history when all the old assumptions about science, religion, commerce, and class were exploding into dangerous new ideas. Written in the bold, questing spirit of that singular time, Gilbert's wise, deep, and spellbinding tale is certain to capture the hearts and minds of readers. "--.

- LRG.PRT FIC BUTLER Butler, Nickolas. Shotgun lovesongs. Large print ed. Waterville, Maine : Thorndike Press, 2014.
"Hank, Leland, Kip and Ronny were all born and raised in the same Wisconsin town--Little Wing--and are now coming into their own (or not) as husbands and fathers. One of them never left, still farming the family's land that's been tilled for generations. Others did leave, went farther afield to make good, with varying degrees of success; as a rock star, commodities trader, rodeo stud. And seamlessly woven into their patchwork is Beth, whose presence among them--both then and now--fuels the kind of passion one comes to expect of lovesongs and rivalries. Now all four are home, in hopes of finding what could be real purchase in the world. The result is a shared memory only half-recreated, riddled with culture clashes between people who desperately wish to see themselves as the unified tribe they remember, but are confronted with how things have, in fact, changed. There is conflict here between longtime buddies, between husbands and wives--told with writing that is, frankly, gut-wrenching, and even heartbreaking. But there is also hope, healing, and at times, even heroism. It is strong, American stuff, not at all afraid of showing that we can be good, too--not just fallible and compromising. Shotgun Lovesongs is a remarkable and uncompromising saga that explores the age-old question of whether or not you can ever truly come home again--and the kind of steely faith and love

returning requires"--Provided by publisher.

Gasland. [New York, N.Y.] : Docurama Films :, c2010.
Josh Fox, presenter. In 2009, filmmaker Josh Fox learned his land was on top of the Marcellus Shale, a giant reservoir of natural gas, and that he would be paid to lease his land for natural gas extraction. Fox documented his cross-country trek to find out if the controversial process of hydraulic fracking is actually safe. What he unearthed was a shocking discovery about a practice that is understudied and inadequately regulated, and raced to find answers about fracking before it was too late.
